The Hon. Rob Portman

Committee on Homeland Security and  
Governmental Affairs  
U.S. House of Representatives  
Washington, DC 20515

February 9, 2022

Dear Mr. Chairman and Ranking Member Portman:

The undersigned organizations are pleased to offer their support for the Postal Service Reform Act, HR 3076, as is, when it comes to the Floor of the Senate as soon as next week. We urge every Senator to vote “aye” on this critical, bipartisan legislation, approved in the House by an overwhelming 342 – 92 heavily bipartisan vote.

By repealing the unaffordable “prefunding” of postal retiree health benefits and integrating postal annuitants who had not yet subscribed to Medicare this bill, on which both of you have been full partners in authorship, contributes very heavily toward stabilizing the finances of the Postal Service. And by mandating codification of an integrated six-day delivery network, you ensure the most efficient and valuable means for delivering mail and packages, and remove it from the uncertainties of the annual appropriations process.

We also appreciate provisions in the bill that deal with rural newspaper sustainability, flats inefficiencies, the public performance dashboard and more.

We are all part of the huge postal-reliant industry – mail, packages and our supply chain -- which, in 2019, accounted for \$1.6 trillion in sales and more than 7 million jobs nationwide, but an industry under threat from problems confronting USPS. Your bill addresses critical parts of those problems effectively and appropriately.

So, on behalf of our industry, we want to thank you both for this very helpful legislation, and congratulate you on bringing it to this point. We would also like to express our appreciation to your staffs, whose hard and extensive work contributed so greatly to making this bill possible.

Sincerely,
